AR NOTICE CN-88

For: All FSA County Offices

**Frequently Used Buyer Information for Centralized
Cotton Redemption (CCR) Process**

Approved by State Executive Director

1 Overview

A Background

CCR is a web-based system that:

- provides a centralized process for merchants to redeem upland cotton loans disbursed by County Offices
- allows receipts from multiple loans and multiple counties to be redeemed in a single transaction
- performs all calculation, collection, and release functions for cotton loans redeemed using CCR
- releases receipts automatically to the merchant once funds have been received and posted to COPS.

To process a CCR repayment, County Offices shall:

- download the CCR repayment file, using the Cotton Online Processing System (COPS)
- transfer the repayment file to APSS, using the Cotton PC software
- liquidate the loan in APSS
- provide copies of CCC-500 repayment receipt to the contact producer, buyer, and warehouse where the loan collateral was stored.

B Purpose

This notice provides a list in Exhibit 1 of frequently used buyer names, buyer ID's, and buyer addresses for use in mailing CCC-500 repayment receipts. This list will be updated as necessary.
